Re: Rate Increase

Notice to Customers,

We, the Board of Directors of Public Water Supply District #2 have voted to increase our water rates. Therefore, a rate increase of 3% will be reflected in your March bill.

As we continue to feel the impact of our changing economy while maintaining our financial obligations, cost of materials and services, and equipment needed to manage day-to-day operations, we felt this increase was necessary to continue to provide safe drinking water to our customers.

Sincerely,

The Board of Directors,

Public Water Supply District #2 of Jefferson County, MO.
